## Step 3

Click on the "Convert WCRU" section at the top of the information panel.

Further, it is recommended to select objects of freeze:

- older than 365 days;
- all CRU funds on the balance;
- any random period.

You can check the schedule and find out the amount of objects to be unfrozen by clicking on the button "Unfreeze schedule"

**Conversion Rate** 1.0000 CRU = 1.0000 WCRU

**Transaction fee** 2 USDU

**Please notice**

The WCRU tokens after the conversion are immediately available for staking. However, according to the terms of the Securities and Exchange Commission (SEC) they are frozen at 365 days for exchange and sale operations to discourage speculation.

Please make sure you have refreshed all your frozen CRUs before making exchange on your Wallet's dashboard.

Convert CRU → WCRU

### Step 4

After you have selected the amount of CRU required for conversion, the amount in USDU that will be required to pay for the conversion will appear on the right side of the screen.

Next, you need to fund your wallet with the required amount of USDU tokens.

It is important to know! The smart contract for converting CRU to WCRU processes each frozen object separately. Accordingly, it is necessary to pay a commission in USDU tokens separately for each frozen object in accordance with the number of CRUs inside each package.

If you have several CRU packages, then the commission will look like this:

## Pending exchange transactions

CREATED	AMOUNT	FEE	
2021-Apr-6, 19:09:29	453.0000 CRU	1.0000 USDU	→
2021-Apr-6, 19:09:29	128.0000 CRU	1.0000 USDU	→

### Step 5

You need to click on the arrow next to each conversion object and make a payment.

The screenshot shows the 'Convert CRU to WCRU' interface. A modal window is open in the center, titled 'Please enter your pin code'. The modal contains a PIN input field with the number '14' entered, an attention message: 'Attention! You are paying for conversion ID 310 amount of 1.0000 USDU', and two buttons: 'Pay Fee' (highlighted with a red arrow) and 'Cancel'. The background interface shows conversion details: 'Select converting CRU Status' (Frozen CRU selected), 'Select frozen CRU amount' (Amount: 4045.5100), 'Conversion Rate' (1.0000 CRU = 1.0000 WCRU), and 'Transaction fee' (2 USDU). A 'Convert CRU — WCRU' button is visible at the bottom right. At the bottom left, a 'Pending exchange transactions' table is partially visible, with a red box highlighting the right arrow of the first row.

### Step 6

Refresh the wallet home page and check the amount of WCRU tokens.

All WCRU tokens become frozen after conversion for 365 days in accordance with the requirement of the US Securities Commission (SEC). In the future, all WCRU tokens will be unfrozen according to a schedule similar to the CRU unfreezing schedule.

The screenshot shows the wallet dashboard for user 'kolyxkhtpm1'. At the top, there are several circular progress indicators for different metrics: 19.66% (with 3.05 KB / 17.29 KB and 0.25 UNTB), 1.30% (with 0.10 s / 7.56 s and 0.25 UNTB), and 0.01% (with 0.00 s / 49.22 s and 0.25 UNTB). Below these are navigation links: Wallet Dashboard, Convert WCRU, Send, Staking, Buy/Sell RAM, Vote, Transactions history, and Logout.

The main section is titled 'Your portfolio' and includes two refresh buttons: 'Refresh balances' and 'Refresh frozen'. It displays two token balances:

- CRU (Cryptounit Token):** Total CRU is 364.0000. Available: 364.0000 (100.00%), Staked: 0.0000 (0.00%), Frozen: 0.0000 (0.00%), Unstaking: 0.0000 (0.00%).
- WCRU (WCRU Cryptounit Token):** Total WCRU is 4'617.0000. Available: 0.0000 (0.00%), Staked: 0.0000 (0.00%), **Frozen: 4'617.0000 (100.00%)** (highlighted with a red box), Unstaking: 0.0000 (0.00%).

On the right, the 'Recent transactions' section shows:

- Sent USDU: -1.0000 USDU Apr 6, 2021
- Sent USDU: -1.0000 USDU Apr 6, 2021
- CRU exchange: Apr 6, 2021
- CRU exchange: Apr 6, 2021
- CRU exchange: Apr 6, 2021

### Step 7

Stake frozen WCRU tokens to get UNTB.

The screenshot shows the 'WCRU Staking' interface. At the top, the 'Staking' menu item is highlighted with a red box. The interface includes a 'Recent transactions' section on the right with entries like 'Force update' and 'withdraw'.

The main 'WCRU Staking' section shows:

- Unclaimed Staking Reward: 0.0000 UNTB (Updated 6 minutes ago) with a 'Claim UNTB' button.
- WCRU Staked amount: 0.0000
- WCRU Available: 20'195.5700
- A progress bar at 100%.
- Est. % of Emission: 0 % (-0.162)
- Est. Income/24h: 0 UNTB (+0.162)

Below this are two panels:

- Stake WCRU (highlighted with a red box):** WCRU Amount to Stake: 20195.5700. Available balance: 0.0000 WCRU. Frozen balance: 20'195.5700 WCRU. Stake WCRU button.
- Unstake WCRU:** WCRU Amount to Unstake. Available balance: 0.0000 WCRU. Unstake WCRU button.
